

# OPERATOR HO SCALE P-S 5820 COVERED HOPPER

**Operator™** trains are built for modelers who enjoy running high-quality, realistic trains at an affordable price. Designed from builder's drawings and photographs, Operator models have fewer factory-applied parts and simplified printing. For added versatility, super-detail parts are available separately.

Pullman-Standard introduced a 5820cf capacity car for plastics in late 1971. The cars featured four bays and had

a length of nearly 70 feet. The earliest versions featured a peaked roofline and 17 exterior posts per side. Later versions adopted the trademark P-S "clerestory" roofline that was also utilized on their landmark 4750cf grain hopper. While the oldest 5820 cars have been withdrawn from interchange service, many cars built after July 1st, 1974 remain in revenue service today.

## PROTOTYPE SPECIFIC SCALETRAINS

- **Fully-assembled**
- **Multiple road numbers**
- **Late body with 19 posts with lower notches in post; clerestory roof**
- **Molded Morton (stamped round hole) roofwalk with plastic grab irons**
- **Tri-Wheel roof hatches**
- **Micro-matic pneumatic outlet gates**
- **Molded Morton (stamped round hole) coupler crossover platforms**
- **Factory-applied ladders with plastic rungs**
- **Brake wheel, stand, and chain**
- **Finely detailed triple valve, air reservoir**
- **Semi-scale coupler boxes**
- **Body-mounted semi-scale Type E knuckle couplers**
- **Barber S-2 100-ton trucks with finely rendered raised foundry data**
- **36" machined metal wheels with accurately profiled .110" wide wheel tread**
- **Operates on Code 70, 83 and 100 rail**
- **Simplified printing and lettering legible even under magnification**
- **Weighted to Industry standards for reliable operation**
- **Packaging safely stores model**
- **Detail kit available separately (SXT81766)**
  - Includes metal grab irons, coupler cut levers, trainline hoses, and more.
- **Minimum radius: 18"**
- **Recommended radius: 22"**

## WARRANTY POLICY

ScaleTrains.com, Inc. (ScaleTrains) warrants products purchased from our website to be free from defects in material and workmanship for a period of two (2) years from the date of purchase. Products purchased directly from ScaleTrains are automatically registered and a receipt is not required for proof of purchase.

ScaleTrains warrants products purchased from an authorized Select Retailer to be free from defects in material and workmanship for a period of one (1) year from the date of purchase. The warranty period can be extended to two (2) years by registering the product within 30 days of purchase on our website at [www.ScaleTrains.com/warranty](http://www.ScaleTrains.com/warranty). Be sure to retain the receipt as proof of purchase as it may be required in the event your model requires warranty service by our Service Center.

If the product fails during the limited warranty period, carefully pack the model in the original packaging. Be sure to include an explanation of the issue(s) along with your name, address, phone and email. If the product(s) were purchased from a Select Retailer, include a legible copy of the sales receipt.

Ship item(s) for repair to our Service Center at...

**ScaleTrains Service Center**  
4901 Old Tasso Road NE  
Cleveland, TN 37312

We recommend using a trackable shipping service. Shipping damage incurred on the way to our service center and costs associated with shipping are not covered under warranty.

Damages due to improperly storing, handling, or packaging are not covered under warranty.

If ScaleTrains.com deems the product to be defective, we will either (1) repair (2) replace the item, or (3) offer a store credit redeemable at ScaleTrains.com toward a future purchase. This determination is at the sole discretion of ScaleTrains.

ScaleTrains has the final decision on all warranty matters. The warranty policy is subject to change without notice.
