

RIVET COUNTER HO SCALE THRALL-TRINITY 42' COIL STEEL CAR

Our **Rivet Counter™** brand strives to create the most accurately detailed model trains imaginable. The real-world counterpart is meticulously researched to ensure prototype fidelity. Each model features numerous factory applied parts including **railroad, road number, and era-specific™** details whenever possible.

In the mid 1990s, Thrall Car Manufacturing introduced the 42' coil steel car. This car shared many traits common to other Thrall built coil steel cars, including the basic body construction and jack pad design. The big difference with this version of the Thrall design was the fact that it was shorter

and only had one hood. In 2001, Thrall Car Manufacturing was purchased by Trinity Industries and with this purchase, Trinity continued to build these same cars. The latest cars were delivered in 2012. The Trinity built cars have some detail differences from the Thrall built cars by adding a separate handrail to the ends of the car body and moving the end railings off the ends of the hood. These cars can be seen in singles or small groups roaming all over the country.

ROADNAME AND ROAD NUMBER SPECIFIC SCALETRAINS

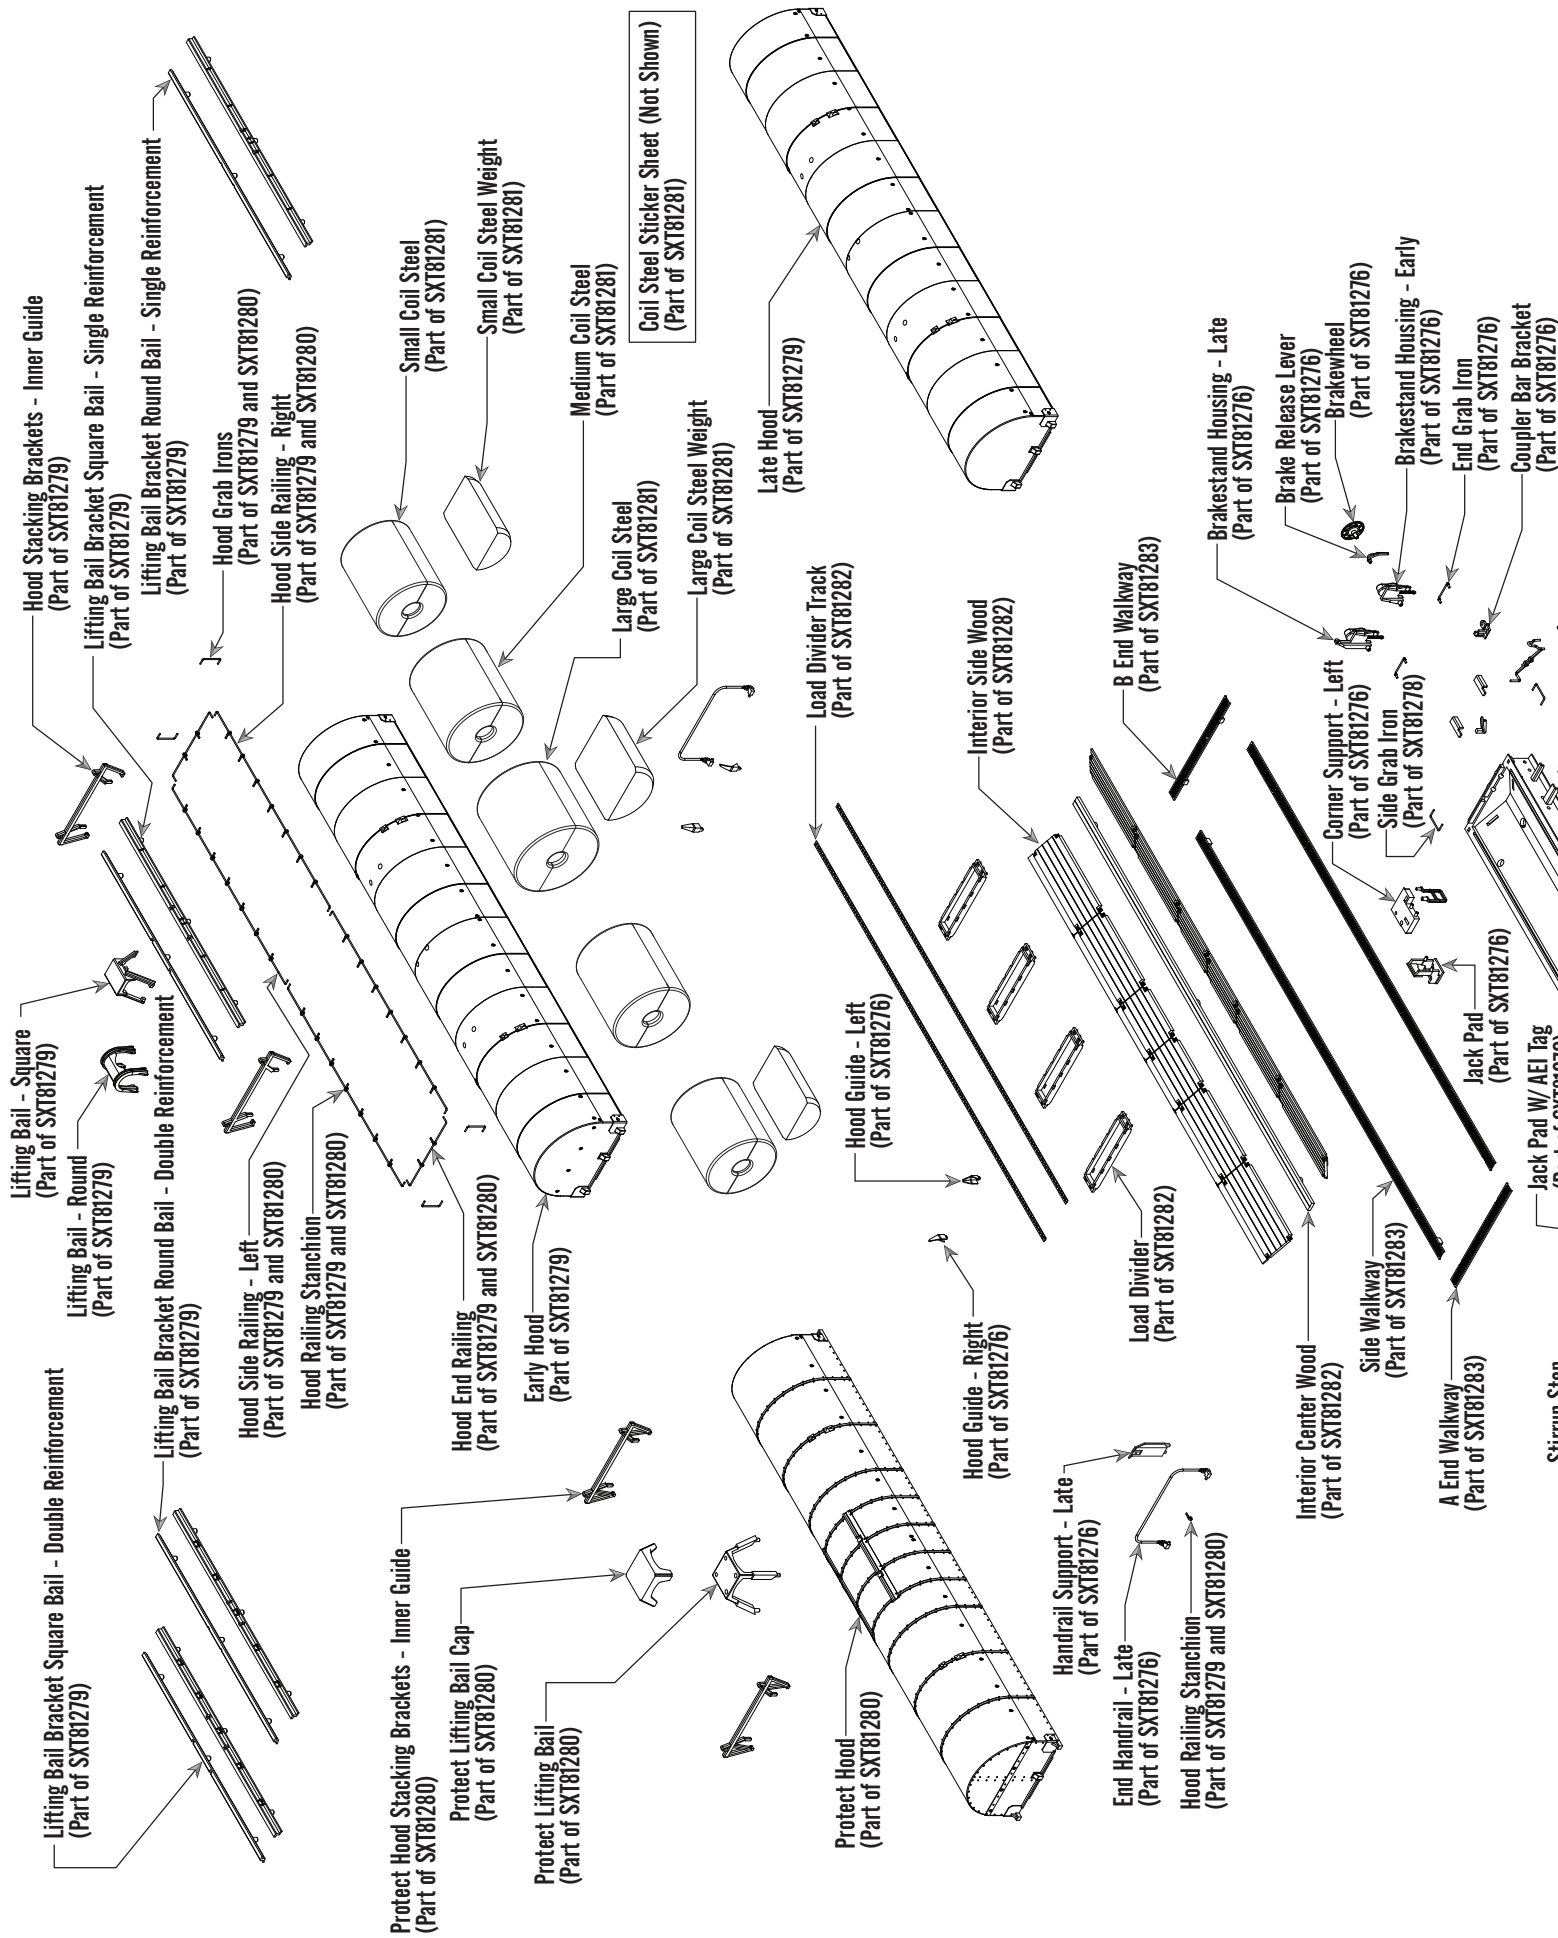

- **All New Model**
- **First time in HO scale**
- **Three body types.**
- **Body has four wireform side grab irons**
- **Six removable hood version**
- **Hoods are constructed with up to 47 individual parts including 32 photo etched handrail stanchions, six wireform handrails, four wireform grab irons, two hood stacking brackets, two hood top braces, and lifting bail**
- **Square or round lifting bail**
- **Single or double reinforcement hood braces**
- **See-through photo-etched metal walkway**
- **Simulated wood interior floor using a hand applied wash**
- **Separate positionable load dividers**
- **Coil steel weight load**
- **Complete underbody brake system with over 20 separately applied parts**
- **All-new ASF Family of Trucks (FOT) 100-ton truck**
- **36" Machined metal wheels**
- **Minimum radius: 18"**
- **Recommended radius: 22"**
- **Fully assembled**
- **Color matched to Tru-Color paint colors when possible**
- **Photo-etched stainless steel see-through end crossover platforms**
- **Printing and lettering legible under magnification**
- **Accurately profiled .110" wide wheel tread**
- **Coupler cut levers**
- **Trainline hoses**
- **Intricate brake plumbing**
- **Weighted to Industry standards**
- **Operates on Code 70, 83 and 100 rail**
- **Packaging safely stores model**

Coil Steel Sticker Wrap Installation Instructions

With each car there should be included a set of stickers to use for the modeler to use to wrap the coil steel load included with the model. There are five coils, one large, two medium and two small. Each sticker sheet will do the entire set. For each coil there are two round end sticker and one long one to wrap the circumference of the steel coil. Be sure to identify the correct stickers for the correct coil sizes.

1. Remove one round end sticker and attach to the end of the coil centering it on the end.
2. Follow the same process for the other end. Note that the sticker is a bit smaller in overall diameter than the coil. This is to ensure that the sticker is attached to the flat surface on the end.
3. The long piece is designed to wrap around the outside of the coil. The starting position is not critical but do be sure that the sticker is centered and square to the coil so that as it is wrapped around the coil it will be centered when it gets to the other end of the sticker.

If there are any questions in regard to this process contact our customer support staff at support@scaletrains.com

RIVET COUNTER HO SCALE THRALL-TRINITY 42' COIL STEEL CAR PARTS LIST

SXT81271 Instruction Sheet

SXT81272 Body - Early

WARRANTY POLICY

ScaleTrains.com, Inc. (ScaleTrains) warrants products purchased from our website to be free from defects in material and workmanship for a period of two (2) years from the date of purchase. Products purchased directly from ScaleTrains are automatically registered and a receipt is not required for proof of purchase.

ScaleTrains warrants products purchased from an authorized Select Retailer to be free from defects in material and workmanship for a period of one (1) year from the date of purchase. The warranty period can be extended to two (2) years by registering the product within 30 days of purchase on our website at www.ScaleTrains.com/warranty. Be sure to retain the receipt as proof of purchase as it may be required in the event your model requires warranty service by our Service Center.

If the product fails during the limited warranty period, carefully pack the model in the original packaging. Be sure to include an explanation of the issue(s) along with your name, address, phone and email. If the product(s) were purchased from a Select Retailer, include a legible copy of the sales receipt.

Ship item(s) for repair to our Service Center at...

ScaleTrains Service Center

4901 Old Tasso Road NE

Cleveland, TN 37312

We recommend using a trackable shipping service. Shipping damage incurred on the way to our service center and costs associated with shipping are not covered under warranty.

Damages due to improperly storing, handling, or packaging are not covered under warranty.

If ScaleTrains.com deems the product to be defective, we will either (1) repair (2) replace the item, or (3) offer a store credit redeemable at ScaleTrains.com toward a future purchase. This determination is at the sole discretion of ScaleTrains.

ScaleTrains has the final decision on all warranty matters. The warranty policy is subject to change without notice.
